

## Changing the Dispo Icons on the Track Board

When the provider changes the ED Disposition in the Depart Process (e.g. Patient was going home but now needs to be admitted), both icons will show on the Track Board.

To correct the icons on the track board;

1. Open the Events window by:
  - a. Right-clicking in the Dispo column or any Events column (the columns with icons) or,
  - b. Clicking the Yellow Arrow icon on the toolbar after selecting the correct patient.
2. Click the check box before **Automated** in the middle of the Events window

3. Click the **Status cell** of the Disposition you want to correct
4. Click the **Down Arrow** to see the drop down selections
5. Select **Cancel**
6. Click **OK** to close the Events window
