

Procedural Sedation

Provider Pre-Procedure Documentation

1. Open patient chart
2. From **Menu**, select **Clinical Notes**
3. Sort **By date** to find RN's Pre Anesthesia note
4. Select and double-click to open note

*Note: to find note when sorting **By type**, find **Surgical/Procedural Documentation** folder, then **Pre Anesthesia** folder*

5. Right-click in body of note and select **Modify**
6. Add template by clicking template icon and selecting
***Pre-Procedural Sedation Provider Stmt**

7. Click **Append** to add provider statement to bottom of note
 - a. Complete **Physical Exam**, view **Laboratory Studies**, complete **Risk Classification** and indicate **Plan for Sedation**
8. Click **Sign**

Provider Pre-Procedure Reevaluation

1. After one hour, if procedure has not yet started
 - a. Reopen the note (steps 1-5 above)
 - b. Click template icon and add **Pre-Procedural Sedation Provider Reevaluation**
 - c. Click **Append** to add statement to bottom of note
 - d. Document any changes or no change
 - e. Click **Sign**
