

## PowerNote – Using Images Templates

Image templates can be added into a predesigned PowerNote to more accurately describe a patient’s wound or diabetic foot exam.

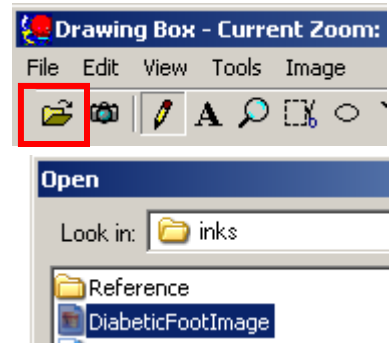

1. Open PowerNote – select either the Diabetic Foot Exam or Wound Care Note.

### Diabetic Foot Exam

1. Navigate to the **Physical Assessment** section
2. Click on the word “**Foot Image**”

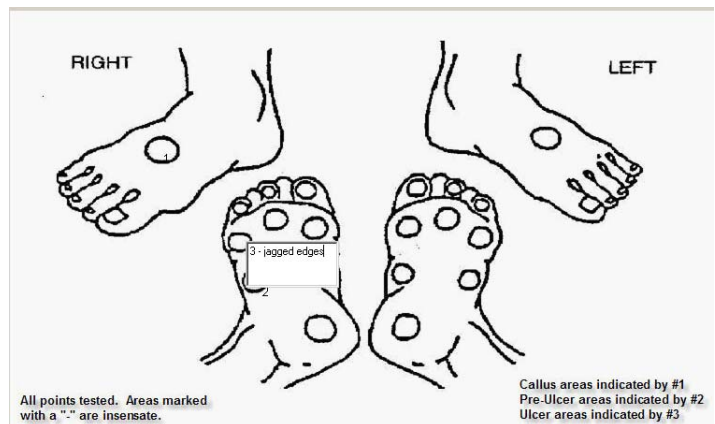

3. Click on the **Open folder** icon
4. Select “**DiabeticFootImage**” from the list.
5. Expand the window by clicking on the window resize icon in the top right corner.
6. Click on the **text tool** icon (letter A)
7. Clicking on a circle brings up a text window to put the rating for that part of the foot.

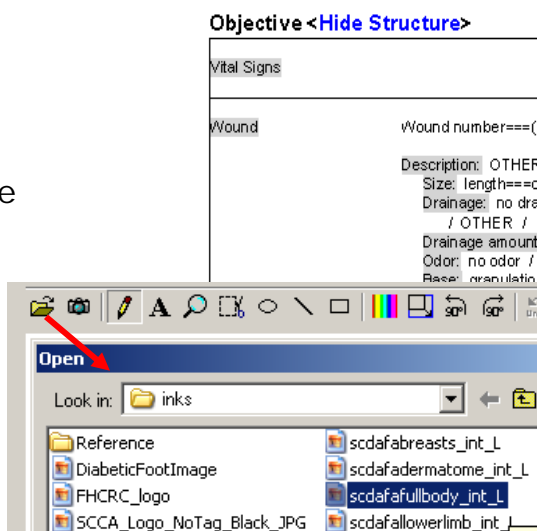

*Note: The legend is located in the bottom right corner of the image.*

8. Click **OK** (bottom left) when complete.

## Wound Care Note

1. Scroll down to **Objective**
2. Click on **Body Image**
3. Click on **Open Folder** icon
4. Select image – the image names are truncated.
5. Click **Open**.
6. Click on the **text tool** icon (letter A)
7. Type in text boxes.

## Updating image

1. Open **PowerNote** – select **Existing** tab – Select previous **Diabetic Foot Exam**
2. Select - **Copy to New Note**
3. Scroll down and click on the image.
